Dear Ms. Anderson:

Re: Canadian Federation of Students

We are the solicitors for the Canadian Federation of Students. Yesterday, we were provided with a Press Release authored by the Kwantlen Student Association which alleges that a draft communications and outreach planning document was authored by the Canadian Federation of Students. This is incorrect. As you are aware, the document was authored by an employee of the Canadian Federation of Students-British Columbia. You are also aware that the Canadian Federation of Students-British Columbia is an autonomous provincial organization which is legally and operationally separate and distinct from the Canadian Federation of Students. The document was not authored by any official or employee of the Canadian Federation of Students. Your Press Release is incorrect and these facts were known to the Executive of the Kwantlen Student Association at the time the Press Release was issued. It would appear that the Kwantlen Student Association deliberately misrepresented the authorship of these statements so as to level false accusations about the activities of the Canadian Federation of Students in the context of a referendum with respect to ongoing membership in that organisation.

My client demands a public apology which should be approved by it prior to issuance. That apology would then be distributed to the same list-serve as those who received the original press release. It is necessary that this be carried out immediately so as to disabuse recipients of the misrepresentation being propagated by the Kwantlen Student Association. We also demand that the Kwantlen Student Association undertake that it will not repeat these falsehoods into the future.

I look forward to your immediate response.

Yours truly,

Todd J. Burke
